### ***REASONS FOR ALLOWANCE***

The following is an examiner's statement of reasons for allowance: The prior art, taken singly or in combination, does not disclose or suggest a method of client-side management of communication channels where the client (1) determines a maximum number of simultaneous connections supportable by the client to other entities within a virtual world controlled by a server, (2) identifies entities meeting a predefined criterion, where the predefined criterion is a relative distance of the entity's avatar to the client's avatar within the virtual world controlled by the server, (3) grants and revokes permission to communicate with the client based on the identified entities meeting the predefined criterion. These limitations, taken in context of the entire claim are allowable over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee, and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sargon N. Nano whose telephone number is (571) 272-4007. The examiner can normally be reached Monday - Friday 8 AM - 4:30 PM.
